

Miss Kate O'Brien spent the week end in Farmville as guest of her sister, Mrs. Lewis.

"Break in new tires at this time. The cool roads toughen rubber—300-cure it. Thus tires put on now will run about 30% farther than the same tires started off new on hot summer roads. That means you get 30% more mileage plus immediate non-slip safety. At today's low prices, isn't that worth thinking about?"
